

## Dues Table

In order to reflect the international nature of our organization's mission and membership, AED used a tiered dues structure with dues levels based on economic indicators which the World Bank applies in order to evaluate all nations. This structure recognizes the impact of varying economic conditions on the relative cost of AED membership to each individual.

The table below shows a listing of dues according to a member's nation of residence and membership category selected:

<b>Nations designated by the World Bank as "low income" or "lower middle income"</b>
